F-150

2"-3" Kit with Add-A-Leafs This 3" suspension kit replaces the factory struts with a higher quality strut and retains the factory coil springs. You keep the same quiet comfortable ride, but gain the extra clearance needed for a more aggressive tire.

Various Kits Ranging in Heights From 2" - 9" of Lift Skyjacker® offers a full line of straight axle Ford Kits and Systems that can take your classic Ford to new heights. A wide range of lifts from 2" - 9" gives you the choice of lift desired.

Class I System The Class I System features replacement cast steel radius arm brackets which are exclusive to Skyjacker®. This System also features Race Style heavy-duty replacement center hinge brackets. The coil springs in these Systems are preset and formed from 5160H chromium alloy to ensure a higher tensile strength and longer life along with the added benefit of full-height rear springs.

F-250/350

Skyjacker's Performance Lift Packages for the 2011-2014 Ford Super Duty F-250 include everything you need to go big and go strong. Skyjacker® has engineered a 4, 6 and 8.5 Inch system to replace the OEM radius arm design with High-Impact Heavy Wall DOM Tubular 4-Link Arms with adjustable rod ends. The rod end is press fitted with a steel encased vulcanized rubber bushing that can support the torque of the Diesel engine and still provide years of trouble free service. Due to the mounting positions and the length of the new arms, Skyjacker's 4-Link design has essentially zero caster change throughout the entire suspension travel cycle. This 4-Link up-grade is stronger, eliminates binding during articulation, and truly out performs the OEM radius arm design. Specifically designed for ease of installation, this is a 100% Bolt-On set-up.

4" and 6" Systems For The '05-'06 Ford Super Duty Skyjacker® has heard your call for a bigger, bolder, tougher performance suspension package for the '05 Ford Super Duty. Increase the toughness & durability of your vehicle with a higher altitude and more attitude. Get the exact level of performance you need for your lifestyle... whether it is a 'level fit' or bigger & bolder, Skyjacker® can meet your needs.
